

Engagement Manager

OUR VISION

We aspire to be the premier competitive intelligence and strategy consulting company in the life sciences industry delivering actionable insights and recommendations to our clients, essential for decision making, strategy development, and execution.

OUR VALUE

Molekule Consulting is a proactive and dedicated partner that leverages its industry leading CI expertise, deep area knowledge and its extensive global network to provide world-class competitive intelligence and strategy services.

OUR STORY

Molekule was incorporated with the notion that “good” and the “status quo” were inadequate. Born out of a vision to create a firm combining an ethos of strategic & actionable competitive insight with industry leading dedication to clients, Molekule Consulting was founded in 2012 by David Alderman.

In 2017, Dr. Daniel Pascheles joined forces to nurture Molekule as a specialist management consultancy and a trusted partner of biopharmaceutical and life sciences players worldwide.

Molekule seeks to align intelligence outcomes, focus results, and enable our client partners to “win” in a highly dynamic and competitive environment. Molekule is one of the few competitive intelligence consultancies dedicated solely to the CI space in the biopharmaceutical sector.

RESPONSIBILITIES

- Able to provide tactical, day-to-day project leadership including managing construction of project plan (including Gantt), strategic objectives, deliverable scoping and delivery to blue chip pharma clients
